Profile of organisers

Cambridge Wireless (CW)

CW is the leading international community for companies involved in the research, development and application of wireless and mobile, internet, semiconductor and software technologies. With 400 members from major network operators and device manufacturers to innovative start-ups and universities, CW stimulates debate and collaboration, harnesses and shares knowledge, and helps to build connections between academia and industry. CW's 18 Special Interest Groups (SIGs) provide its members with a dynamic forum where they can network with their peers, track the latest technology trends and business developments and position their organisations in key market sectors. CW also organises the annual Future of Wireless International Conference and Discovering Start-Ups competition along with other high-quality industry networking events and dinners. With headquarters at the heart of Cambridge, UK, CW partners with other international industry clusters and organisations to extend its reach and remain at the forefront of global developments and business opportunities. www.cambridgewireless.co.uk

Profile of host

Bird & Bird LLP

Bird & Bird has been at the forefront of legal developments in the sector for many decades, and have unrivalled expertise in advising on matters ranging from smaller innovative projects to some of the largest, most complex and ground-breaking transactions and disputes of recent years. Bird & Bird's market leading venture capital team is made up of passionate and experienced lawyers who regularly work with founders, start-ups and venture capital funds from all sectors, but with particular experience in the fintech, digital businesses and life sciences sectors. www.twobirds.com

Profile of SIG Champions

Phil David, General Counsel, ARM

Phil is a Solicitor with over fifteen years' experience of the law in the field of high technology. He is a Director of and General Counsel for ARM Limited, a successful microprocessor design licensing company where he has helped to develop their intellectual property protection and exploitation strategies. He holds a BSc in Biochemistry from Sheffield University www.arm.com

Ali Ramadan, Partner, Bird & Bird

Ali is experienced in many aspects of corporate work and regularly advises on cross border mergers and acquisitions, venture capital and private equity transactions for digital businesses. In particular Ali has experience working with growth technology companies on issues through their development including venture capital funding rounds, public offerings and mergers and acquisitions. Ali also has experience in debt finance transactions as well as secondary market trading of debt securities and claims. www.twobirds.com/ali-ramadan

Anthony Waller, Partner, Olswang

Anthony has been a Partner at Olswang since 2008 and has been at the firm since the year 2000. Anthony deals with all aspects of corporate work, including private company and business acquisitions and disposals, public takeovers, schemes of arrangement, fundraisings, venture capital investments and IPOs, joint ventures and reorganisations. Anthony works alongside Olswang's international Corporate team that extends across offices in Germany, Spain, France and Singapore. Anthony is head of the firm's Corporate Technology practice having advised clients in the technology sector for a number of years. As well as advising established international companies in the technology sector on a variety of transactions and public company issues, Anthony's is a leading member of the team at the firm focused on high growth technology companies, acting for both the companies themselves and investors into the sector. Olswang's celebrated Corporate Group is ranked Tier 1 in Legal500 2011 for its M&A: Lower Mid-Market work and recently received the Law Firm of the Year award at the 2011 M&A Awards. This reputation for excellence relies on the team's consistent provision of a first class commercial service complemented by advice from specialist areas such as Tax, Employee Incentives and Pensions. www.olswang.com

Profile of speakers

Bryony Hurst, Senior Associate, Dispute Resolution

Bryony is a dispute resolution lawyer with a strong focus on media and technology disputes. Bryony advises clients on a broad range of litigation and arbitration ranging from complex contractual and tortious actions, regulatory matters and investigations, to privacy, defamation and breach of confidence disputes. As a result of this experience, she has developed a specialism in information law and has a growing practice assisting clients with data breach incidents and other data protection-related litigation. She advises major film and broadcasting organisations, technology providers, website operators, internet intermediaries, sports clubs, sponsors and governing bodies on disputes spanning the commercial spectrum. www.twobirds.com/bryony-hurst

Jack Colthurst, Associate, Dispute Resolution

Jack is an associate and solicitor advocate in the Dispute Resolution team in London, and qualified into the group in September 2012. Since then, he has been involved in an extensive range of commercial litigation, dispute resolution and dispute-avoidance advisory work. Jack has been actively involved throughout several High Court trials (including a Financial List trial and a "heavy" trial in the Commercial Court), appeals in the Court of Appeal, numerous interlocutory hearings in the County Court and High Court (including for urgent interim relief), and preliminary proceedings in the Supreme Court of England & Wales. He also has experience of alternative dispute resolution in commercial disputes, including structured negotiation meetings and mediations. www.twobirds.com/jack-colthurst

Jamie Drucker

www.twobirds.com/jamie-drucker

James Froud, Partner, International HR

James is a partner in our International HR Services Group, based in London. His practice is unusually diverse; he advises on all aspects of contentious and non-contentious employment law at all stages in the employment cycle, supporting a broad range of clients including multi-national corporations, public sector bodies and also individuals. Much of his work is international and tends to originate from technology-rich sectors. www.twobirds.com/james-froud
